MEMORANDUM FOR: Write Your Own (WYO) Principal Coordinators and the
National Flood Insurance Program (NFIP) Servicing Agent

A handwritten signature in black ink, appearing to read "David L. Miller".

FROM: David L. Miller
Associate Administrator
Federal Insurance and Mitigation Administration

SUBJECT: October 1, 2014 Program Changes – Section 5 of the Homeowner
Flood Insurance Affordability Act of 2014 (HR 3370)

The purpose of this memorandum is to provide notification of program rate changes the NFIP will implement effective October 1, 2014. The October 1, 2014 rate changes revise premium rate tables to comply with Section 5 of the Homeowner Flood Insurance Affordability Act of 2014 (HFIAA) Pub. Law No. 113-89 (March 21, 2014), which prohibits FEMA from increasing premiums more than 15 percent a year within a single risk class and not more than 18 percent for an individual policy. In every case, the attached rates are the same or lower than the October 1, 2013 premium rates. The attached HFIAA Section 5 premium rates are to be used for all new and renewal policies effective on or after October 1, 2014.

FEMA will also use these rate tables to calculate premium refunds required under Section 3 of HFIAA. Additionally, to the extent a policyholder was charged a premium in excess of the premium increase caps mandated under Section 5 of HFIAA, FEMA will use these rate tables to calculate the refund.

FEMA will continue consulting with WYO companies to finalize refund guidance for facilitating refunds under Sections 3 and 5 of HFIAA. The guidance will include underwriting and accounting guidelines, modifications to the Transaction Record Reporting and Processing (TRRP) Plan, the accounting exhibits, and edit specifications document. FEMA anticipates finalizing its guidance by July 2014 with refunds beginning in fall 2014.

October 1, 2014, Program Changes – Section 5 of the Homeowner
Flood Insurance Affordability Act of 2014 (HR 3370)

Addendum Explaining HFIAA Section 3 Rates and Section 5 Refunds

On March 21, 2014, President Obama signed into law the Homeowners Flood Insurance Affordability Act of 2014 (HFIAA) Pub. Law No. 113-89 (Mar. 21, 2014). Section 3 of HFIAA requires FEMA to restore Pre-Flood Insurance Rate Map (FIRM) subsidized rates for:

- Pre-FIRM properties not insured when the Biggert Waters Flood Insurance Reform Act of 2012 (Biggert-Waters) was enacted;
- Pre-FIRM properties sold after Biggert-Waters was enacted; and
- Policies for Pre-FIRM properties that were rated full-risk under Biggert-Waters due to a lapse in coverage, but only for policies where the lapse was due to a property owner no longer being required to purchase flood insurance (collectively referred to as “Section 3 properties.”)

Section 3 of HFIAA also requires FEMA to refund premiums collected in excess of the Pre-FIRM subsidized rate for properties covered by Section 3. The effective date of Section 3 of the HFIAA is July 6, 2012, which is the date Biggert-Waters was enacted.

With some exceptions, Section 5 of the HFIAA prohibits FEMA from increasing premiums more than 15 percent a year within a single risk class and no more than 18 percent for any individual policyholder. These exceptions include:

- Properties receiving Pre-FIRM subsidized rates subject to the mandatory 25 percent increases mandated by Biggert-Waters for non-primary residences, businesses, Severe Repetitive Loss properties (including cumulative loss properties), and substantially damaged or improved properties;
- Properties located in a community that loses its Community Rating System (CRS) standing;
- Increases in premium due to a decrease in the deductible or an increase of coverage; or
- Misrated properties.

Section 5 became effective on March 21, 2014, the date the HFIAA was enacted. Prior to HFIAA, FEMA was prohibited from increasing rates within a single risk class by more than 20 percent over a 12-month period, with no per policy cap. Consequently, as of March 21, 2014, some rates contained in the October 1, 2013 rate tables may have exceeded the premium increase caps mandated by Section 5 of the HFIAA for some Pre-FIRM and Post-FIRM policyholders.

On April 15, 2014, FEMA issued Bulletin W-14014 requiring WYO companies to restore Pre-FIRM subsidized rates for Section 3 properties where policies were purchased or renewed after May 1, 2014. Bulletin W-14014 required WYO companies to use the October 1, 2013 Pre-FIRM subsidized rate tables.

Today, FEMA is issuing a bulletin transmitting new rate tables that comply with the premium increase caps mandated by Section 5 of the HFIAA. These rate tables will become effective on October 1, 2014. In every case, these October 1, 2014 rate tables will be the same as or lower than the rates set out on October 1, 2013. These rates will also be used to calculate premium

refunds required under Section 3. Additionally, to the extent a policyholder was charged a premium in excess of the premium increase caps mandated under Section 5, FEMA will use these rate tables to calculate the refund.

FEMA will continue consulting with WYO companies to finalize refund guidance for facilitating refunds under Sections 3 and 5 of HFIAA. The guidance will include underwriting and accounting guidelines, modifications to the Transaction Record Reporting and Processing (TRRP) Plan, accounting exhibits, and an edit specifications document. FEMA anticipates finalizing its guidance by July 2014 with refunds beginning in fall 2014.

RATING

This section contains information, including rate tables, required to accurately rate a National Flood Insurance Program (NFIP) flood insurance policy. Information and rates for the Preferred Risk Policy (PRP) and Residential Condominium Building Association Policy (RCBAP) are found in their respective sections.

The detailed drawings, and accompanying text and tables, in the Lowest Floor Guide section are to be used as a guide for identifying the lowest floor for rating buildings. This guide will assist in developing the proper rate for the building. Examples of some rating situations are shown at the end of this section.

I. AMOUNT OF INSURANCE AVAILABLE¹

BUILDING COVERAGE	EMERGENCY PROGRAM	REGULAR PROGRAM		
		Basic Insurance Limits	Additional Insurance Limits	Total Insurance Limits
Single-Family Dwelling	\$ 35,000 ²	\$ 60,000	\$190,000	\$250,000
2-4 Family Dwelling	\$ 35,000 ²	\$ 60,000	\$190,000	\$250,000
Other Residential	\$100,000 ³	\$175,000	\$325,000	\$500,000
Non-Residential	\$100,000 ³	\$175,000	\$325,000	\$500,000
CONTENTS COVERAGE				
Residential	\$ 10,000	\$ 25,000	\$ 75,000	\$100,000
Non-Residential	\$100,000	\$150,000	\$350,000	\$500,000

1 These limits apply to all single condominium units and all other buildings not in a condominium form of ownership, including cooperatives and timeshares. Refer to the Condominiums section of this manual for basic insurance limits and maximum amount of insurance available under the RCBAP.

2 In Alaska, Guam, Hawaii, and U.S. Virgin Islands, the amount available is \$50,000.

3 In Alaska, Guam, Hawaii, and U.S. Virgin Islands, the amount available is \$150,000.

II. RATE TABLES

Rate tables are provided for the Emergency Program and for the Regular Program according to Pre-FIRM subsidized premium rates, or Post-FIRM/full-risk premium rates for each zone classification. Tables 1-5

show annual rates per \$100 of coverage. Table 6 provides tentative rates (for more information, see the Tentative Rates subsection in this section). See Table 7 for Federal Policy Fee and Probation Surcharge.

TABLE 1. EMERGENCY PROGRAM RATES

- 1 Pre-FIRM construction refers to a building that has a date of construction or substantial improvement date on or before 12/31/74, or before the effective date of the initial Flood Insurance Rate Map (FIRM), whichever is later. If the building is a non-primary residence located in an SFHA or Zone D, use Table 2B.
- 2 Pre-FIRM buildings may use Post-FIRM elevation rating if more favorable to the insured. However, when the lowest floor elevation is below the Base Flood Elevation (BFE), follow the Submit-for-Rate procedures for policy processing.
- 3 For an elevated building on a crawlspace with an attached garage without openings, use "With Enclosure" rates.
- 4 The definition of Manufactured (Mobile) Home includes travel trailers; see the Definitions section of this manual.
- 5 Includes subgrade crawlspace.
- 6 Includes crawlspace.

FIRM ZONES AO, AH (No Basement/Enclosure/Crawlspace/Subgrade Crawlspace Buildings Only)⁵

OCCUPANCY	BUILDING		CONTENTS	
	1-4 Family	Other Res & Non-Res	Residential	Non-Residential
With Certification of Compliance or Elevation Certificate ⁶	.28 / .08	.23 / .08	.38 / .13	.23 / .13
Without Certification of Compliance or Elevation Certificate ^{7, 8}	1.35 / .19	1.24 / .26	.98 / .15	1.41 / .19

- For an elevated building on a crawlspace with an attached garage without openings, use “With Enclosure” rates.
- The definition of Manufactured (Mobile) Home includes travel trailers; see the Definitions section of this manual.
- Includes subgrade crawlspace.
- Includes crawlspace.
- Zones AO, AH Buildings with Basement/Enclosure/Crawlspace/Subgrade Crawlspace: follow Submit-for-Rate procedures. Pre-FIRM buildings with basement/enclosure/crawlspace/subgrade crawlspace at or above the BFE or Base Flood Depth are to use the “With Certification of Compliance or Elevation Certificate” rates and would not have to follow Submit-for-Rate procedures.
- “With Certification of Compliance or Elevation Certificate” rates are to be used when the Elevation Certificate shows that the lowest floor elevation used for rating is equal to or greater than the community’s elevation requirement, or when there is a Letter of Compliance from the community.
- “Without Certification of Compliance or Elevation Certificate” rates are to be used on Post-FIRM buildings when the Elevation Certificate shows that the lowest floor elevation is less than the community’s elevation requirement. **These rates may be used for Pre-FIRM buildings with the lowest floor less than the community’s requirement when more favorable to the insured than Pre-FIRM subsidized rates.**
- For transfers and renewals of existing business where there is no Letter of Compliance or Elevation Certificate in the company’s file, these rates can continue to be used. Provisional or tentative rates are to be used for new business without an Elevation Certificate or Letter of Compliance. For new business effective on or after October 1, 2011, the provisions of footnote 7 apply.

+1		.35 / .12	.35 / .12	.22 / .12
0		.35 / .12	.35 / .12	.22 / .12
-1		.35 / .12	.35 / .12	.22 / .12
-2		.35 / .12	.35 / .12	.22 / .12

- 1 Pre-FIRM elevated buildings with or without enclosure/crawlspace must use the “No Basement/Enclosure/Crawlspace” columns. Use the Lowest Floor Guide to determine the lowest floor elevation for rating. Unfinished partial enclosures below a Pre-FIRM building that are used solely for parking, storage, and building access and are located below the BFE are eligible for Special Rate Consideration.
- 2 If the Lowest Floor is -1 because of an attached garage and the building is described and rated as a single-family dwelling, see the Lowest Floor Determination subsection in the Lowest Floor Guide section of this manual or contact the insurer for rating guidance; rate may be lower.
- 3 If the lowest floor of a crawlspace or subgrade crawlspace is -1, use submit-for-rate procedures (Pre-FIRM or Post-FIRM). If the lowest floor of an enclosure below the elevated floor of a Post-FIRM building is -1, also use submit-for-rate procedures.
- 4 Includes subgrade crawlspace.
- 5 Use Submit-for-Rate procedures if there is an elevator below the BFE regardless of whether there is an enclosure or not.
- 6 The definition of Manufactured (Mobile) Home includes travel trailers; see the Definitions section of this manual.

No Elevation Certificate ⁶	5.85 / 1.30	6.17 / .90	3.36 / .80	2.85 / .96	No Elevation Certificate

- 1 Buildings with basement, enclosure, crawlspace, or subgrade crawlspace: follow Submit-for-Rate procedures. Unfinished partial enclosures below a Pre-FIRM building that are used solely for parking, storage, and building access and are located below the BFE are eligible for Special Rate Consideration.
- 2 Pre-FIRM buildings may use this table if the rates are more favorable to the insured.
- 3 For elevation-rated risks other than Single Family, when contents are located 1 floor or more above lowest floor used for rating – use Table 3B, Contents Rates, Above Ground Level More Than 1 Full Floor.
- 4 Elevation difference is the measured distance between the highest adjacent grade next to the building and the lowest floor of the building.
- 5 Elevation difference is the measured distance between the BFE provided by the community or registered professional engineer, surveyor, or architect and the lowest floor of the building.
- 6 For policies with effective dates on or after October 1, 2011, the No Elevation Certificate rates apply only to renewals and transfers. Provisional or tentative rates are to be used for new business without an Elevation Certificate.

1 Pre-FIRM construction refers to a building that has a start of construction date or substantial improvement date on or before 12/31/74, or before the effective date of the initial FIRM, whichever is later. If FIRM zone is unknown, use rates for zones A, AE, AO, AH, D.

2 Includes subgrade crawlspace.

3 Use Submit-for-Rate procedures if there is an elevator below the BFE regardless of whether there is an enclosure or not.

4 If the lowest floor of a crawlspace or subgrade crawlspace is -1, use submit-for-rate procedures (Pre-FIRM or Post-FIRM). If the lowest floor of an enclosure below the elevated floor of a Post-FIRM building is -1, also use submit-for-rate procedures.

WITHOUT CERTIFICATION OF COMPLIANCE OR ELEVATION CERTIFICATE ^{4,5}			1.25 / .17		.98 / .15	

- 1 Pre-FIRM construction refers to a building that has a start of construction date or substantial improvement date on or before 12/31/74, or before the effective date of the initial FIRM, whichever is later. If FIRM zone is unknown, use rates for zones A, AE, AO, AH, D.
- 2 Zones AO, AH Buildings with basement/enclosure/crawlspace/subgrade crawlspace: follow Submit-for-Rate procedures. Pre-FIRM buildings in AO or AH Zones with basement/enclosure/crawlspace/subgrade crawlspace at or above the BFE or Base Flood Depth are to use the "With Certification of Compliance or Elevation Certificate" rates and would not have to follow Submit-for-Rate procedures.
- 3 "With Certification of Compliance or Elevation Certificate" rates are to be used when the Elevation Certificate shows that the lowest floor elevation used for rating is equal to or greater than the community's elevation requirement, or when there is a Letter of Compliance. This rule applies to all building types, including buildings with basement/enclosure/crawlspace/subgrade crawlspace.
- 4 "Without Certification of Compliance or Elevation Certificate" rates are to be used on Pre- and Post-FIRM buildings when the Elevation Certificate shows that the lowest floor elevation is less than the community's elevation requirement.
- 5 For transfers and renewals of existing business where there is no Letter of Compliance or Elevation Certificate in the company's file, these rates can continue to be used. For new business effective on or after October 1, 2011, the provisions of footnote 4 apply.

- 1 Pre-FIRM elevated buildings with or without enclosure/crawlspace must use the “No Basement/Enclosure/Crawlspace” columns. Use the Lowest Floor Guide to determine the lowest floor elevation for rating. Unfinished partial enclosures below a Pre-FIRM building that are used solely for parking, storage and building access and are located below the BFE are eligible for Special Rate Consideration.
- 2 If the Lowest Floor is -1 or lower because of an attached garage and the building is described and rated as a single-family dwelling, see the Lowest Floor Determination subsection in the Lowest Floor Guide section of this manual or contact the insurer for rating guidance; rate may be lower.
- 3 Includes subgrade crawlspace.
- 4 If the lowest floor of a crawlspace or subgrade crawlspace is -1, use submit-for-rate procedures (Pre-FIRM or Post-FIRM). If the lowest floor of an enclosure below the elevated floor of a Post-FIRM building is -1, also use submit-for-rate procedures.

- 1 Add the \$50 Probation Surcharge, if applicable.
- 2 Premium includes Federal Policy Fee of \$22.
- 3 Premium includes ICC Premium of \$5. Deduct this amount if the risk is a condominium unit.
- 4 Do not use this section of the table for buildings with crawlspaces or subgrade crawlspaces; see footnote 5. Use this section of the table if a building elevated on a crawlspace has an attached garage without openings.
- 5 Use this section of the table for buildings with crawlspaces or subgrade crawlspaces.

Use the Numbered A Zone Non-Elevated or Elevated Building type worksheet with an explanation on the worksheet when submitting the specific rating information to FEMA in accordance with the instructions on pages iv-vii.

1981 V1-V30, VE ZONE RATES
ALL OCCUPANCY TYPES AND RESIDENTIAL CONDOMINIUM BUILDING
ASSOCIATION POLICY NON-ELEVATED OR ELEVATED
WITH NON-BREAKAWAY WALL ENCLOSURE

This table is to be used to rate all Post-FIRM buildings constructed on or after October 1, 1981, or Pre-FIRM buildings with a current FIRM effective on or after October 1, 1981, including Pre-FIRM elevated buildings with or without enclosure (whether breakaway wall or not).

Non-elevated risks, including those with basements and subgrade crawlspaces, and elevated buildings with non-breakaway wall enclosures (solid [perimeter] foundation walls or masonry), in V1-V30 and VE zones, including high-rise and low-rise RCBAP, are Submit-for-Rate, regardless of the elevation difference.

The lowest floor elevation to be used in this case is the elevation of the bottom of the slab, or grade beam if there is one. If this elevation is not available, subtract 1 foot from the top of the bottom floor elevation on 1–4 family dwellings and 1.5 feet from the top of the bottom floor elevation on other residential and non-residential buildings. For RCBAP building rates, use only the “.75 or More” column below.

Bottom of Slab Elevation Difference ¹	Building Rates			Contents Rates	
	Insurance to Replacement Cost Ratio				
	.75 or More	.50 to .74	Under .50	Residential	Non-Residential
+4 or more	1.47	1.92	2.85	.80	.80
