1. Introductions and Welcome – roll call by state to identify new participants.

3. Identify & start to implement initiatives included in our annual report.

4. Update on the possibility of creating an online repository for stormwater BMPs on the Arid Regions Committee web page on the ASFPM website. We would like to ask for input from the members on how this could be done effectively, and also solicit submittals by the members about stormwater BMPs they have successfully used, under what circumstances, and so forth. This could become a valuable resource for the members and others in the flood control community.

5. Update on planning for ASFPM national conference in Phoenix in 2018 (Teri George?)

6. Other business.

7. Identify action items.
