AGENDA

1. Introductions and Welcome – roll call by state to identify new participants.

2. Continuing discussion of identifying & starting to implement initiatives included in our annual report.

3. Continuing discussion on the possibility of creating an online repository for stormwater BMPs on the Arid Regions Committee web page on the ASFPM website. We would like to solicit input from the members as to how this could be done effectively, and submittals by the members of stormwater BMPs they have successfully used, under what circumstances, and so forth. This could become a valuable resource for the members and others in the flood control community.

5. Other business.

6. Identify action Items.

7. Date for next scheduled Conference Call: September 13, 2017.

Also possibly of interest to Arid Regions Committee members:

Bunny Bishop, State Floodplain Manager/ NFIP Coordinator, Nevada Division of Water Resources, has made available all seven presentations from the Alluvial Fan Flooding Workshop that the Silver Jackets put on in April 2017. Copy & paste this link in your browser: https://silverjackets.nfrmp.us/State-Teams/Nevada
On the right side of the page, under Documents, look for “Alluvial Fan Flooding Workshop Presentations, April 2017”
